should always check the product and the mains lead for any damage.

- Never use the product if you discover that it is damaged in any way.
- This light set’s external flexible tube is non-replaceable. Hence if it becomes damaged you must dispose of the entire product.
- The LED lamps are not replaceable.
- Use the product only with a mains adapter type JT-DC3.2V0.6W-H2-IP44. Failure to observe this advice will invalidate any claims under the warranty.
- Never open any of the electrical parts or insert any kind of object into them.
- Protect the mains cable from sharp edges, mechanical loads and hot surfaces.
- Do not install with sharp fasteners or nails.
- Always unplug the mains adapter [3] from the socket before installation, dismantling or cleaning.
- Never touch the product plug or the product itself with wet hands.
- The product must not be electrically connected to

GB IE NI	GB IE NI
---	---

another set of lights.

- The product is only suited for use with the included mains adapter (Model No. JT-DC3.2V0.6W-H2-IP44).
- Please note that the power adapter continues to draw a small amount of power even if the lamp is turned off as long as the power adapter is plugged into a power outlet. To switch the product off completely, unplug the power adapter from the socket.
- The LEDs are not replaceable. If the LEDs fail at the end of their life, the entire product must be replaced.

- Use**
- Note:** Remove all packaging materials from the product.
- Use the supplied suction cups [4] to hang up the product.
- Insert the plug on the end of the product into the socket of the mains adapter [3]. Secure the connection by pushing the clamping nut on the
