## LED MAGNETIC LIGHTS / LED BANDS

Manual

### 1. Introduction

#### Congratulations!

By making this purchase, you have opted for a high-quality product. These operating instructions form an integral part of this product. It contains important instructions pertaining to its safety, use and disposal. Please familiarise yourself with all the operating and safety instructions before using this product. Only use this product as described and for the purposes stated. If you pass this product on to anyone else, please make sure you pass on these documents along with it. In the text below, the magnetic lights are referred to as the "product".

#### Legende

- ① Safety strip
- ② Zip fastener
- ③ On-/off-button
- ④ Remove/insert lighting unit
- ⑤ Empty CR2032-3V-Battery
- ⑥ New CR2032-3V-Battery
- ⑦ Battery compartment
- ⑧ Battery compartment panel

#### Explanation of symbols

The following symbols and signal words are used in this user manual, on the product, or on the packaging.

### ⚠ WARNING!

This signal symbol/word indicates a hazard with a high degree of risk which, if not avoided, can result in death or serious injury.

Batteries are included.

## IP44

This symbol indicates protection class III. SELV: safety extra-low voltage

This symbol indicates the importer.

This symbol indicates the British conformity declaration.

This symbol denotes DC voltage/current.

This symbol indicates that children should be kept away from the product.

This symbol marks the on/off switch.

These symbols inform you about the disposal of the packaging and product.

### 2. Scope of delivery

1x model A: 2x LED Magnetic Lights 460901-24-A

**OR**

1x model B: 2x LED Bands 460901-24-B

2x CR2032, already inserted

1x operating and safety instructions (without fig.)

### 3. Technical specifications

IAN: 460901\_2401

Tradix Art.-Nr.: 460901-24-A, -B

LED/LEDs: Model A Yellow: 4 x red LEDs @ 0.09 W

Model A Grey: 4 x green LEDs @ 0.09 W

Model B Yellow: 1 x green LED @ 0.05 W

Protection class: III

Protection class: IP44 (splash-proof)

Production date: 04/2024

Button cell: 1x3V / CR2032

Chemical system: Lithium metal

### 4. Safety information

### ⚠ WARNING!

#### Defective products must not be used! Risk of injury!

- Do not use the product if it is malfunctioning, damaged or defective. If you discover a defect in the product, have it checked and, if necessary, repaired before you use it again.

- The LEDs are not replaceable. Dispose of the product if LEDs are defective.

- Repairs carried out incorrectly could present considerable danger for the user

#### Risk of injury!

Not suitable for children under 14 years!

There is a risk of injury!

- Children aged 14 years and over and persons with reduced physical, sensory or mental abilities or lack of experience and knowledge must be supervised when using the product and/or be instructed in the safe use of the product and understand the resulting hazards.

- Children are not allowed to play with the product.

- Do not allow children to carry out maintenance and/or cleaning of the product. Observe national regulations!

- Observe applicable national rules and regulations when using and disposing of the product.

#### Risk of injury and suffocation!

If children play with the product or the packaging, they can be injured or choke.

- Do not let children play with the product or the packaging.

- Supervise children around the product.

- Keep the product and packaging out of the reach of children.

#### Safety instructions for batteries

- Do not short-circuit rechargeable batteries and/or do not open them. This can result in overheating, fire hazards or explosions.

- Never throw batteries into fire or water.

- Do not subject batteries to mechanical stress.

- Do not swallow batteries, risk of chemical burns. This product contains button cells. Swallowing a button cell can cause severe internal burns and death within a few hours. See a doctor immediately.

### ⚠ WARNING!

#### Tampering and changes

- The product must not be manipulated or modified under any circumstances. Tampering/changes are prohibited for reasons relating to approval (CE).

- The product must not be covered during use. Covered lights can overheat and, if the material is flammable, cause fires.

### 5. How to use the product

#### Start-up

1. Remove all packing materials and verify that all parts are present and undamaged. If this is not the case, contact the service address provided.

2. Pull the safety strip out of the battery compartment. ①

3. Close the zip from which you pulled out the safety strip. ②

4. The device is now ready for use.

#### Use

1. With the on/off button ③, the device can be switched on/off or cycle between different modes.

- Pressing it once: Permanently lit
- Pressing it twice: Fast flashing
- Pressing it three times: Slow flashing
- Pressing it four times: Off

Model A can be unfolded and attached to surfaces such as clothing or bags by internal magnets.

Model B curls up by bending the ends. By controlled application and bending on the desired surface, the strip can be wrapped around arms and legs, for example.

#### Intended Use

The builtin LED lights the product up. The product is intended exclusively for private and not for commercial use. Only use the product as described in the instructions. Any other use is considered improper.

#### Attention, please note!

The product is not approved for use in traffic.

#### Battery replacement

If light emission decreases or the light stops working, this can be a sign that the battery is empty. Please change the battery as follows.

1. Carefully open the zip ②.

2. Carefully pull the lighting unit ④ out of the fabric housing with a suitable tool.

**Note:** Pushing slightly with your hand at the end of the luminaire makes it easier to remove the lighting unit.

**Caution, please note!** Take care not to damage the fabric housing, otherwise the IP protection is no longer guaranteed. Only use tools that do not have sharp edges or other properties that damage the product. Furthermore, never pull on the exposed photoluminescent strip using the snap band

3. Disconnect the battery compartment cover ⑤ from the lighting unit ④.

4. Use a suitable tool to remove the empty battery ⑥ from the battery compartment ⑦ and insert a new CR2032-3V battery ⑥, observing the positive pole marking.

5. Carefully clamp the battery compartment cover ⑤ back on, then carefully insert the lighting unit ④ again and carefully close the zip ②. The IP44 protection is only guaranteed when the zip is closed and not damaged.

#### Cleaning

If you want to clean the product, please proceed as follows:

1. To clean the fabric housing, use a dry or, if necessary, slightly damp, soft cloth that does not damage the surface and without the addition of other cleaning agents. The battery does not have to be removed.

### 6. Disposal

#### Disposing of packaging

The packaging and the user manual are made from environmentally friendly materials that you can dispose of at your local recycling centre.

#### Disposing of the product

The crossed-out dustbin symbol indicates that this device must not be disposed of with household waste at the end of its useful life. The device must be delivered to established collection points, recycling centres or disposal plants. Furthermore, distributors of electrical and electronic equipment and distributors of foodstuffs are obliged to take them back. LIDL offers you return options directly in the stores and branches. Returns and disposals are free of charge for you.

When purchasing a new device, you may return a corresponding old device free of charge. Furthermore, you may return up to three old appliances (with external dimensions not exceeding 25 cm) free of charge regardless of whether a new device is being purchased.

#### Disposing of batteries/rechargeable batteries

- Defective or used batteries must be recycled in accordance with Directive 2006/66/EC and its supplements.

- Batteries may not be disposed of with normal domestic waste. They contain harmful heavy metals. Identification: Pb (= lead), Hg (= mercury), Cd (= cadmium). You are obliged to return used batteries and accumulators. After use, you can either return the used batteries at our point of sale, or you discard them at the retail market or at communal collection points free of charge. Batteries are marked with a crossed-out wheeler bin symbol.

- Only fully discharged batteries may be disposed of. Discharge the battery by leaving the product on until it is no longer lit.

### 7. Warranty

You will receive a 36-month warranty on this product from the date of purchase. This does not affect any statutory warranties. The product has been carefully produced and carefully tested before delivery.

Should there nevertheless be production or material defects during the warranty period, please contact your specialist dealer immediately.

Damage caused by improper handling, failure to observe the instructions for use or intervention by unauthorised persons is excluded from the warranty. A number of malfunctions can be caused by incorrect use. Therefore, if there is a malfunction, please read the instructions for use first.

Contact the Teknihall service department for any returns. The warranty period for 36-month warranty coverage will be neither extended nor renewed.

#### Process in the event of warranty use

1. For all enquiries, please have the receipt and the item number [460901\_2401] ready as proof of purchase.
2. In the event of functional errors or other deficiencies, first contact the service department named at the end of these instructions by phone or email.
3. You will be given a service address to which you can send the defective product together with proof of purchase and a description of the defect.

You can download these and many other manuals, product videos and installation software at [www.lidl-service.com](http://www.lidl-service.com).

This QR code takes you directly to the LIDL service page ([www.lidl-service.com](http://www.lidl-service.com)) and you can open your operating instructions by entering the item number 460901\_2401.

#### Distributor and warranter:

Lidl Great Britain Ltd, Lidl House, 14 Kingston Road, Surbiton, KT5 9NU

#### Service address:

Tradix Service Center c/o teknihall GmbH Alfred-Nobel-Str. 1 63128 Dietzenbach

## LED-MAGNEETLAMPEN / LED-SNAPBANDJES

Gebruiksaanwijzing

### 1. Inleiding

#### Van harte gefeliciteerd!

Met uw aankoop hebt u voor een kwaliteitsproduct gekozen. De gebruiksaanwijzing maakt deel uit van dit product. Ze bevat belangrijke aanwijzingen voor veiligheid, gebruik en verwijdering. Maak u voor het gebruik van het product vertrouwd met alle bedienings- en veiligheidsinstructies. Gebruik het product alleen zoals beschreven is en voor de aangegeven toepassingsgebieden. Overhandig alle documenten bij het doorgeven van het product aan derden. Hierna worden de magneetlichten Product genoemd.

#### Legenda

- ① Veiligheidsstrook
- ② Ritssluiting
- ③ Aan/uit-toets
- ④ Lichtunit verwijderen/plaatsen
- ⑤ Lege CR2032-3V-batterij
- ⑥ Nieuwe CR2032-3V-batterij
- ⑦ Batterijvak
- ⑧ Deksel van het batterijvak

#### Verklaring van de symbolen

De volgende symbolen en signalwoorden worden in deze gebruiksaanwijzing, op het product of op de verpakking gebruikt.

### ⚠ WAARSCHUWING!

Dit signaalsymbool/woord duidt op een gevaar met een hoge risicograad dat, indien het niet wordt vermeden, kan leiden tot ernstig of dodelijk letsel.

Batterijen zijn bij de levering inbegrepen.

## IP44

Dit symbool geeft beschermingsklasse III aan. SELV: extra lage veiligheidsspanning

Conformiteitsverklaring (zie Hoofdstuk „6. Conformiteitsverklaring“): Producten met dit symbool voldoen aan alle geldende communautaire voorschriften van de Europese Economische Ruimte.

Dit symbool duidt gelijkspanning-/stroom aan.

Dit symbool geeft aan dat kinderen uit de buurt van het product moeten worden gehouden.

Dit symbool beschrijft de Aan/uitschakelaar.

Deze symbolen informeren u over de verwijdering van verpakking en het product.

### 2. Leveringsomvang

1x Model A: 2x Led-magneetlampen 460901-24-A

**OF**

1x Model B: 2x Led-snapbandjes 460901-24-B

2x CR2032, reeds geplaatst

1x Bedienings- en veiligheidsinstructies (zonder afb.)

### 3. Technische gegevens

IAN: 460901\_2401

Tradix Art.-Nr.: 460901-24-A, -B

LED/LED ,s: Model A Geel: 4 x rode LED [0,09W]

Model A Grijs: 4 x groene LED [0,09W]

Model B Geel: 1 x groene LED [0,05W]

Beschermingsklasse: III

Beschermingsklasse: IP44 (spatwaterdicht)

Productiedatum: 04/2024

Knoopcel: 1x3V / CR2032

Chemisch systeem: Lithiummetaal

### 4. Veiligheidsinstructies

### ⚠ WAARSCHUWING!

#### Een defect product mag niet worden gebruikt! Er is kans op letsel!

- Gebruik het product niet bij storingen, beschadigingen of defecten. Als u een defect aan het product ontdekt, laat het dan controleren en zo nodig repareren voordat u het weer in gebruik neemt.

- De LED's zijn niet uitwisselbaar. Als de LED's defect zijn, moet het product worden afgevoerd.

- Ondeskundige reparaties kunnen een groot gevaar betekenen voor de gebruiker.

#### Risico op verwonding!

Niet geschikt voor kinderen onder de 14 jaar! Er is kans op letsel!

- Kinderen vanaf 8 jaar en personen met beperkte lichamelijke, zintuiglijke of geestelijke vermogens of met gebrek aan ervaring en kennis moeten onder toezicht staan en/of instructies krijgen over het veilige gebruik van het product en de gevaren ervan begrijpen.

- Kinderen mogen niet met het product spelen.

- Onderhoud en/of reiniging van het product mogen niet door kinderen worden uitgevoerd. Nationale voorschriften in acht nemen!

- Neem de geldende nationale voorschriften en voorschriften bij het gebruik en de verwijdering van het product in acht.

#### Gevaar voor letsel en verstikking!

Als kinderen met het product of de verpakking spelen, kunnen ze gewond raken of stikken

- Laat kinderen niet met het product of de verpakking spelen.

- Houd toezicht op kinderen in de buurt van het product.

- Houd het product en de verpakking buiten het bereik van kinderen.

#### Veiligheidsinstructies voor batterijen

- Sluit batterijen niet kort en/of open ze niet. Oververhitting, brandgevaar of barsten kunnen het gevolg zijn.

- Gooi batterijen nooit in vuur of water.

- Stel batterijen niet bloot aan mechanische belasting.

- Batterijen niet inslikken, risico op brandwonden. Dit product bevat knooppellen. Het inslikken van een knoopcel kan binnen enkele uren ernstige interne brandwonden veroorzaken en tot de dood leiden. Ga onmiddellijk naar een arts.

### ⚠ WAARSCHUWING!
